

SeaBuck Dealer Information and Application:

SeaBuck would like to thank you for your interest in becoming a dealer. Below are the simple details and stipulations of being a dealer and then a few questions. Please read through and return to Peter McMullin: peter@seabuck.com

The SeaBuck dealer program is simple and straight-forward. There is no obligation and no restrictions on who can be a dealer. It's all dependant on each dealer's purchasing within a calander year. The details are as follows:

Required of Dealer to qualify:

- Purchase at least 1 case every 2 months or 6 cases per year
- Pay for shipping
- Order all products by the case (see delaer price list)

Provided by SeaBuck:

- Special dealer-only pricing (see dealer price list)
- Exclusive promotions and access to exclusive products
- Dealer pricing on all products (as long as delaer qualifies under 1 product)
- Special dealer "swag" as available (tee-shirts, hats, patches, decals, etc)

To clarify one slightly confusing point, Dealers get "dealer pricing" on ALL SeaBuck products as long as they "qualify" (by purchasing 6 cases per year) under at least 1 SeaBuck product. That pricing only applies when the product is purchase by the case and Dealer pays shipping.
